RC also decided to keep the applications received in the Sectt. of CIB&RC in abeyance till the registration of technical in the country. RC also pointed M/s Shogun to register technical on priority for which the firm representative acceded to the policy. |
| 2.2 | Presentation of GAP and MRL of Chlormequat chloride from NRCG, Pune. |
| | RC deliberated the agenda in detail and observed the scientific data provided by the Director, National Research Centre for Grapes (NRCG) involves a change in time of application / dosage of the already registered product and has a direct impact on the Label and Leaflet. In view of statutory provisions under the Insecticides Act & Rules, RC directed the Secretariat of CIB&RC to seek comments from the 9(3) registrant(s) of Chlormequat Chloride and if acceded by the original registrant accordingly ask the firm(s) to submit the application for the revision of label claim as per the data generated by the NRCG, Pune. |
| 2.3 | Presentation for the product paraquat dichloride by the sub-Committee constituted by the RC. |
| | RC observed the presentation given by the Senior Consultant, Toxicology, CIB&RC and directed the Secretariat of CIB&RC to seek the comments and inputs from the stakeholders especially the Indian Council of Agricultural Research (ICAR) and Indian Council of Medical Research (ICMR). In addition, RC also directed the toxicology expert to submit the registered alternatives of Paraquat dichloride especially the yellow triangle molecules to arrive at an appropriate decision. |
| 2.4 | Presentation by the concerned Chemistry expert for the application of paraquat dichloride of M/s Krish Biotech Research Pvt. Ltd. |
| | RC was apprised by the concerned chemistry expert that the decision taken by the RC in its 460 th meeting vide agenda item no. 10.56 was challenged by M/s Krish Biotech Research Pvt. Ltd. before the Hon'ble Appellate Authority. The Hon'ble Appellate Authority held the appeal as not maintainable vide its order dated on 14.02.2025, however the directions have been given to RC to decide the representation of the applicant. In terms of the order the applicant M/s Krish Biotech Research Pvt. Ltd. submitted that in their case only the Certificate no. has been changed from PD20093110 to EX20230159 and there is no change in Name & manufacturing site of the source and therefore the requirement of the 5-batch analysis report is not applicable. RC carefully perused the agenda and observed that the subject substance is no longer permitted to be used in the source country. RC is of the considered view that since the subject product is intended to be imported for manufacturing & use in India therefore, the establishment of its safety profile along with its efficacy is of paramount importance and for this purpose asking for a 5-batch analysis report doesn't appear to be unjustified. Furthermore, the product Paraquat is already under review of RC to take a final decision in the matter for its continued use or otherwise. In view of the above discussion and observations RC do not find any merit in the submission made by the applicant. Accordingly, the captioned representation of the applicant is hereby rejected. RC further advises the applicant to submit 5-batch analysis report along with its complete impurity profile for the subject substance from the GLP lab in the country of origin. |

| | RC perused the agenda and observed that the applicant M/s Indo US Biotech Ltd although have stated that they have timely applied for issuance of CTO (Consent to Operate) before the Gujarat Pollution Board, but the same was not issued and therefore no fault can be attributed to the applicant. Further the State Government although had issued an NOC dated 27.05.2024 for the endorsement of factory address which was approved by the RC vide its 458 th meeting but now it is also stated by the applicant the State Agriculture Office has informed them about their inability to issue a manufacturing license on the ground of the lapse of validity of the CRs. After deliberations RC is of the apparent view that the applicant has not submitted the copies of any communication to or from the Gujarat Pollution Control Board and/ or the State Department of Agriculture substantiating the submissions made by the applicant vide their request dated 26.11.2024. | | RC perused the agenda and observed that the matter has been earlier dealt by the RC in its 461 st and 462 nd meeting wherein RC had inter-alia observed that any sort of tampering with the CR which is a valuable security is a matter of serious concern. On-going through the documents placed before the RC, it is transpired that originally the Certificate of Registration (CR) for Milbamectin 1% DC was issued to M/s Nagarjuna Agrichem Limited Hyderabad u/s 9(3) formulation import category wherein there was a specific condition from chemistry that the " <i>sample shall be drawn from the first consignment imported in the country from port for verification. For this purpose, the registrant shall be required to inform the Sectt. of CIB&RC well in advance before the consignment arrives in the country for the drawl of sample.</i> " RC further observed that the said CR was transferred vide file no. 17-51/2017- CIR-II from M/s NACL to M/s Sumitomo Corporation India Pvt. Ltd. On perusal of the joint application submitted it was revealed that the copy of the CR submitted also does not contain the captioned condition which is mentioned in the original CR. It is also observed that the copy of the manufacturing license issued to M/s NACL by the State Department of Agriculture also contains the above |

| | product at Serial No. 52. Thereafter the said CR was transferred from M/s Sumitomo Corporation India Pvt. Ltd to M/s Sumisho Agro India Pvt. Ltd. which is informed by M/s Sumisho to be their sister company. Based on the above facts RC is of the view that the issues germane the matter requires a proper verification from the respective State Department of Agriculture as to who is responsible for submitting the tampered copy of the CR before the Statutory Authorities, so as to arrive at a final decision in the matter. Accordingly, RC desired that Secretariat of CIB&RC to take all necessary steps in getting the same verified and thereafter place the matter before the RC. |

Accordingly, IPA was invited in the Open House Meeting on 04.03.2025, however, due to unforeseeable circumstances at IPA side only one representative could attend the Open House. RC also observed that the Hon'ble Delhi High Court was also apprised of the above fact on 20.03.2025, the date notified in the matter and the Hon'ble High Court has now posted the matter for 11.08.2025. RC is of the view that at first stage, the petitioner's M/s Indian Paint Association may be called by Secretary (CIB&RC) for a discussion in the matter with the dealing technical subject experts in terms of their representation dated 28.01.2025 and place the update of the discussion in the next RC meeting for an appropriate view to be arrived at. |

NPP/ILC/PGS-35/S-15/2019/20 dated 30.12.2019 issued to M/s Saosis Biotech Pvt. Ltd and the state department had requested TLC, DPPQ&S to cancel the CRs in respect of the said company. TLC has thus requested the Secretary (CIB&RC) to update the said information in the records of KYC details of CIB&RC/CROP portal and new CRs may only be issued to this company after obtaining comments from the State Licensing Authority, West Bengal. RC <i>prima-facie</i> observed that the State Licensing Authority is not satisfied with the conditions of the premises in respect of which the license has been granted. RC is of the apparent view that before taking a strict view with respect to the cancellation of CRs, the matter requires a further inquiry by TLC, DPPQ&S with respect to the issues involved in the matter. RC accordingly directs the Secretariat of CIB&RC to provide all necessary documents pertaining to the KYC status of the company along with a complete list of the CRs granted to M/s Saosis Biotech Pvt. Ltd. to In-Charge TLC to take further necessary steps in conducting an inquiry in this regard. TLC was also directed to place its findings before the RC. RC further directs that meanwhile no new CR shall be issued by the Secretariat of CIB&RC to the said company until the RC takes a final view in the matter. |
